

MODULE DATA DASHBOARD

1. LO1A (Demonstrate knowledge of the theory behind the IDA & necessity of using IDA):
 - a. See “LO1a overview: green/yellow/red light” for overall performance rating
 - b. See “Pitch constructed to deliver IDA to service agencies”
 - c. Note: Go over Appendix C regardless of module data
2. LO1Bi (Demonstrate knowledge of the protocol):

See “LO1bi overview: green/yellow/red light” for overall performance rating
3. LO1bii (Demonstrate ability to utilize the protocol):
 - a. UNDERSTANDS PROTOCOL DURING ADMINISTRATION
 - I. See “LO1biibasic overview: green/yellow/red light” for overall performance rating
 - II. Note: regardless of module performance review the introduction script (p.9-10) in the IDA Facilitator’s Guide, and ask site staff to explain the reasoning in their own words/everyday language
 - b. ADMINISTRATION CHOICES IN CONTEXT
 - i. See “facilitator response to early voting”
 - ii. See “LO1biibandson: green/yellow/red light” for overall performance rating
4. LO1c (Properly score the IDA results):

See “LO1c: green/yellow/red light” for overall performance rating
5. LO1d (Utilize IDA results for action planning):
 - a. LO1d: green/yellow/red light” for overall performance rating
 - b. See “Follow up on 33% ASPI Index”

NOTES:

See “Blended learning onsite instructions” for more detail regarding how to use module data

For details on calculation of dashboard variables, see “Module data dashboard variables, calculated”
